How many Power Plants does Timor Leste have?

The national electricity company (EDTL) of Timor Leste runs three power plants: Hera with seven 18V46 engines, Betano with eight 18V46 engines and Inur Sakato PP - Oecusse with four 9L34DF engines. "These plants are vital in ensuring a stable and continuous power production for the entire nation," says Mr Jerenimo.

Can solar power be used in Timor-Leste?

Solar power. The government has identified solar power as the most suitable method to expand electricity to remote outlying regions. The average daily global horizontal irradiance in Timor-Leste ranges from 14.85 MJ/m<sup>2</sup> (megajoules per square meter) to 22.33 MJ/m<sup>2</sup>.

How much does electricity cost in Timor-Leste?

The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries. For instance, in Indonesia industrial electricity tariffs are 0.11 USD/kWh, compared to 0.24 USD/kWh in Timor-Leste.

Is there a market for roof-top solar energy systems in Timor-Leste?

Australia's Market Development Facility (MDF) and ITP Renewables conducted an assessment of the potential market for roof-top solar energy systems in Timor-Leste.

Is Timor-Leste a good country for solar energy?

Timor-Leste has a high-quality solar resource. The global horizontal irradiance in Dili is higher than on the east coast of Australia, where the solar market is mature and installation costs are higher. The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries.

Which power plants supply most of Timor-Leste's electricity?

Two newly constructed power plants supply most of Timor-Leste's electricity: (i) the 119-megawatt (MW) Hera plant, located near Dili, became operational in 2011; and (ii) the 136 MW Betano plant, located in the Manufahi district on Timor-Leste's south coast, became operational in 2014. This summary is based on ADB, 2014.

Timor-Leste won the battle of independence, Timor-Leste won the battle of democracy, Timor-Leste now has to win the battle of development, and I am comforted by seeing the commitment I heard here from the ladies and gentlemen in this regard. Timor-Leste is an important example of people-centred development.

# Timor-Leste industrial power solution

The 20th anniversary of the popular consultation that brought independence for Timor-Leste has been a time to celebrate the courage, determination, and persistence of the Timorese people. Despite enduring decades of violence, they never lost their hope for self-determination. Timor-Leste today is a free and sovereign nation.

Timor-Leste emerged from centuries of colonization and occupation less than 20 years ago when, at the stroke of midnight on May 20, 2002, the blue United Nations (UN) flag was lowered and Timor-Leste's tricolor flag of red, black, and yellow went up after 24 years of brutal Indonesian occupation.
