

What is the Tunisian Solar Plan?

The Tunisian Solar Plan contains 40 projects aimed at promoting solar thermal and photovoltaic energies, wind energy, as well as energy efficiency measures. The plan also incorporates the ELMED project; a 400KV submarine cable interconnecting Tunisia and Italy.

Does Tunisia have a solar project?

Since the end of 2016, the Tunisian government has embarked on the implementation of its programme for development of electricity production from renewables. In this framework the Ministry of Industry and SMEs launched an international tender for solar PV projects in 2019 with a total capacity of 500MWac. Solar Back to overview Change location

Who manages the energy sector in Tunisia?

As of March 2020, the Tunisian electricity sector is managed by the Ministry of Energy, Mines and the Energy Transition. For the past two years, renewable energy portfolio was managed by the Ministry of Industry, Small and Medium Size Enterprises.

What is solar water heating in Tunisia?

Figure 26. Sources: ANME (2019). The solar water heating (SWH) sector in Tunisia was initiated in the 1980s through the creation, in 1982, of the first manufacturing unit for solar water heaters and the establishment of a specific consumer credit system.

What is the productivity of PV solar systems in Tunisia?

With these favourable conditions, the productivity of PV solar systems in Tunisia is very high. According to IRENA's Global Atlas, annual electricity production by PV solar systems varies between 1 450 kWh per kilowatt-peak (kWp) in the northwest region and 1 830 kWh/kWp for systems installed in the extreme southeast region.

How many MW is a solar power system in Tunisia?

It is subject to authorisation by MIEM and is set by Decree No. 2016-1123: 10 MW for solar PV and solar thermal; 30 MW for wind energy; 15 MW for biomass; and 5 MW for projects using other renewable resources. Box 3. Addressing power system flexibility in Tunisia

Tunisian solar panel installers - showing companies in Tunisia that undertake solar panel installation, including rooftop and standalone solar systems. 38 installers based in Tunisia are ...
