Who is Tae power solutions?

BIRMINGHAM,UK; May 3,2023 - TAE Power Solutions,a new power management subsidiary from fusion energy leader TAE Technologies,has today announced the opening of a new UK facility.

How many jobs will Tae power solutions generate?

TAE Power Solutions' expansion will generate 20+jobsin the region. Pictured here is some of TAE Power Solutions' office space at the BCIMO site in Dudley,UK.

Why should you choose Tae power solutions?

TAE Power Solutions is now adapting the same technology invented to power our fusion technology for your car, home, or business - accelerating the transition to an electrified world. TPS conducts itself to the highest ethical and environmental standards.

TAE Power Solutions is Born of Fusion. The breakthrough technology that was invented to collect and store megawatts of power and deliver precise sinusoidal waves to TAE's fusion research reactors has now been adapted to deliver lower cost, higher performing energy storage and power delivery systems for the next generation of electric vehicles, large and small.

TAE Power Solutions is creating advanced technologies that are designed to deliver faster charging, stronger performance, farther range, and longer battery life for e-mobility and stationary applications

TAE Power Solutions, a new power management subsidiary from fusion energy leader TAE Technologies, has announced the opening of a new UK facility which will enable the company to operate a new battery prototype-and-test facility, on its path to manufacturing modular battery packs for all forms of e-mobility including cars, trucks, buses, and rail.

With no sufficient solution available in the market, TAE created a first-of-its-kind energy storage and power delivery system. That innovation has unlocked a complete clean energy ecosystem, including more affordable and efficient ...
