What is Vionx energy?

VionX Energy offers energy storage solution for the grid, though Vanadium Redox Flow (VRF), that optimizes flow battery technology to deliver long run-time and cost-competitive. This technology brings together an 6-10 hour runtime with optimized storage capacity and long-term power output that's highly competitive.

What are some alternatives to Vionx energy?

Alternatives and possible competitors to VionX Energy may include Blue Origin ,TRINA SOLAR LTD ,and Natron Energy. VionX Energy is an energy company manufacturing power and energy storage products to deliver long run-time and cost-competitive operation.

How many investors does Vionx energy have?

VionX Energy has 4 institutional investors including VantagePoint Capital Partners, United Technologies and Jabil. VionX Energy does not have any Angel Investors. VionX Energy has 45 active competitors and it ranks 7th among them. 20 of its competitors are funded while 3 have exited.

What chemistry does Vionx use?

VionX batteries employ Vanadium Redox Flow chemistry, with optimization invented by its partner, United Technologies Corporation (UTC). The company's improvements to time-tested Vanadium Redox technology have created a grid-scale battery solution that is competitive with other long runtime grid-scale storage solutions.

When did Vionx energy close?

VionX Energy closed its last funding round on Jun 21, 2018 from a Venture - Series Unknown round. Who are VionX Energy 's competitors? Alternatives and possible competitors to VionX Energy may include Blue Origin ,TRINA SOLAR LTD ,and Natron Energy.

The customer for the policy would be the engineering, procurement and construction contractor that purchases Vionx batteries as part of an energy storage project. If any issues arise with a deployed system, Vionx still has the affirmative obligation to repair or replace according to warranty. The insurance covers the scenario in which there's ...
