Recommend you double what you think you need for a battery array. Also would recommend better panels. Canadian Solar 330watt panels give good value for money. Don't forget you're not going to convert all that battery power to AC. Some will be lost to heat and if your batteries and some sort of lead acid variant.

Además, este inversor cuenta con un tiempo de transferencia máximo de 10 ms, lo que garantiza una transición rápida y sin interrupciones entre el suministro de energía solar y la alimentación de la red. El Growatt SPF 6000T DVM-MPV. ...

Workers in a solar panel factory in China, by far the world's largest producer. The Zulia and Venezuela Solar associations are asking the government to use its political and commercial ties with Beijing to negotiate a
