

Verde energy Guadeloupe

Where can I find information about Guadeloupe energy?

Welcome to the website of Guadeloupe Energie! On this website, you'll find information on Guadeloupe's progress on energy transition from energy legislation to industry data, from profiles for renewable energy in Guadeloupe to the latest news and events--all in one place.

Is Verde energy a good company?

We highly recommend Verde. Earlier this year I switched my electrical power supplier to Verde after reviewing dozens of rates and reward programs from various suppliers. The entire transition process was very easy and communication with Verde customer service was exceptional. Prompt, courteous service. Verde Energy has been great!

How can Guadeloupe achieve energy independence?

"Achieving energy independence in Guadeloupe by shifting from fossil fuels to renewable energy sources is a challenge that we must take up for the benefit of future generations. With clear objectives and applying the means for success, the Multi-Year Energy Program (PPE) exemplifies our political resolve to reach our goals."

Is Verde PP&L a good company?

Verde is a great company to do business with. It was a very easy transition from PP&L to Verde. Very helpful people. I've been using them for years. 100 percent renewable gives me real peace of mind. The fixed rate is very competitive especially when you lock it in for several years. Great utility!
