

Volterra energy group Costa Rica

Who is Volterra Energy Group?

Volterra energy group was founded in 2017 as a renewable energy development and investment management group focusing in solar, wind, small hydro, energy storages, and waste-to-energy technologies. Since 2017 Volterra developed solar stations with total installed capacity about 200 MW.

What happened to Volterra Energy Group?

Since 2017 Volterra developed solar stations with total installed capacity about 200 MW. In 2020 Volterra energy group sold the biggest part of its solar portfolio and continues its activities now as an investment company. We focused on sustainable business activity and investing in renewable energy, agricultural, ecological and space projects.

Who is Volterra indigenous energy Canada?

In 2020 Volterra partnered with three-term Grand Chief of the Assembly of First Nations, Phil Fontaine, and formed Volterra Indigenous Energy Canada. They signed a Band Council Resolution (BCR) for a 1500MWh Battery Energy Storage System and a 300MW baseload of solar to be installed in Manitoba in conjunction with Waywayseecappo First Nations.

Does Volterra have a renewable credit marketplace?

Currently, Volterra has a Renewable Credit Marketplace in software development. Built originally for compliance with the I-REC standard which is the main issuing body in Europe and Asia, they're now building a secondary platform for integration into MRETS which is a voluntary renewable energy credit issuer based out of the USA.
