Wintec Energy, Ltd. is one of California's most prominent providers of wind powered electricity, serving the public's needs with clean, safe and efficient sources of power. Wintec's wind farms, or more accurately wind power plants, are located primarily in the windy passes near Palm Springs, CA. Alternate sites are located in the Altamont Pass ...

Wintech was historically born as leader in the production of EVA moulding machinery. At SIMAC 2021 it presented the new WE203 B series, a cross-linked EVA moulding machine, with a linear configuration and two translating injectors, from 2 to 10 stations. And, for the first time a Wintech machine features the fast opening/closing toggle systems.
