

Yinlong the leading photovoltaic energy storage company

Who is Yinlong energy?

They are ideally suited to meet all your city, highways, and rural transportation requirements. Yinlong Energy International Pte Ltd, is the international office of Gree Altairnano New Energy (previously known as Yinlong Energy China Ltd). We provide Energy Storage Systems, LTO Batteries, Commercial Electric Vehicles, and Electric chargers.

Who is Yinlong group?

Zhuhai-based Yinlong Group manufactures and supplies lithium batteries, power supply, aviation equipment, and electric vehicles, mostly electric buses for public transportation. In 2010, it acquired 53.6 per cent stake in US-based Altair Nanotechnologies Inc, a NASDAQ-listed company specialising in lithium batteries and energy storage systems.

Who makes Yinlong batteries?

YinLong Group manufactures and supplies lithium batteries, materials, power supply, and electric vehicles for public transportation. Zhuhai-based Yinlong Group manufactures and supplies lithium batteries, power supply, aviation equipment, and electric vehicles, mostly electric buses for public transportation.

Will Yinlong energy buy Gree Electric Appliances?

(Yicai Global) Aug. 31 -- Gree Electric Appliances has successfully bid for a majority stake in energy storage device manufacturer Yinlong Energy, after a failed takeover attempt in 2016, as the Chinese home appliance giant looks to diversify its product portfolio.

How long do Yinlong LTO batteries last?

The fast-charging Yinlong LTO battery cells can operate under extreme temperature conditions safely. These Lithium-Titanate-Oxide batteries have an operational life-span of up to 30 years thereby making it a very cost-effective energy solution.

How much did GREE pay for Yinlong?

Gree has paid CNY1.83 billion (USD282.9 million) for 30.47 percent equity in Yinlong, which also makes electric buses, electric vehicle charging devices and other energy storage systems, the Zhuhai, southern Guangdong province-based firm said today.

A wholly-owned Gree unit, Yinlong and Huatai Huineng Beijing Energy Technology jointly invested 30 million yuan to set up Zhuhai Hengqin Gree Huatai Energy Development on Aug. 28. Holding 51%, 25% and 24% of ...

In January 2010, Yinlong, China acquired ALTAIR NANO (US) - a leading innovator of LTO battery

Yinlong the leading photovoltaic energy storage company

technologies with over 20 years of industry experience. As innovators, Yinlong ...

Yinlong Energy's mission is to drive global new energy technology by providing LTO battery, LTO storage, and LTO transportation solutions that support economic development while protecting the environment. As a result, the ...

Application Solar energy storage, solar power system, UPS supply, Engine starting battery, Electric bicycle/motorcycle/scooter, Golf trolley/carts, RV, EV, Caravan... LTO Yinlong 2.3V 35Ah Battery Cycle life 25000+ Cell For -50 °C;low ...

Assisting the construction of green and intelligent airport, Yinlong product series for airport transformation from "oil to electricity", such as system solutions for integrating solar energy generation, storage, and ...

The combined offering provides urban transportation operators with a complete, one-stop shop e-mobility solution to reduce city air and noise pollution. Yinlong Energy Middle East today ...

The committee also declared that it has reached "international leading" level in the field of LTO electrochemical energy storage technology. LTO Energy Storage System produced by Yinlong Energy has been put into use in ...

Yinlong Energy Limited is one of the world's largest manufacturers of Lithium Titanate Oxide (LTO) batteries which are in turn used in making their renowned Electric Buses, Electric Trucks and Energy Storage Systems (ESS).
