

Zola solar arusha Colombia

Who is Zola electric?

ZOLA Electric (ZOLA) is a ground-breaking company based in San Francisco and Arusha, Tanzania, with the ambitious aim of powering off-grid homes across Africa with affordable, renewable energy. ZOLA provides solar systems to homes and businesses in rural communities through an innovative financial solution.

How much does Zola cost in Tanzania?

Through ZOLA's financial solution, its services are affordable to 80% of Tanzanian households today. The cost of the ZOLA service is on par with kerosene for lighting (typically US\$0.25 per day), and customers can pay in the way that suits them best.

What is Zola solar & how does it work?

ZOLA provides solar systems to homes and businesses in rural communities through an innovative financial solution. It offers "solar as a service" to customers who suffer from an expensive grid, an unreliable grid, or have no grid access at all.

How many customers does Zola have in Rwanda?

ZOLA's goal is to reach 12,000 customers in Rwanda by the end of 2016, as well as 150,000 total in Tanzania. It is currently exploring geographic expansion in both Eastern and Western Africa with partners such as Total, EDF, Helios Investment Partners & Solar City.

Why should you choose Zola electric?

ZOLA Electric systems also have a positive impact on community resilience and climate change adaptation. Not only are their customers protected from fluctuations in the price of kerosene, they also benefit from decentralized, renewable energy, which means they are not at the mercy of often unreliable national grid connections.

What makes Zola a great company?

These forward-thinking organizations are driven by a desire to create a positive impact - financially, socially and environmentally. ZOLA's enterprise technology platform combines the hardware, software, and hands-on support businesses need to become providers of renewable, sustainable, scalable energy solutions.
